

### Turn your ROCs into cash in 12 working days!

May 2010

- Our next auction is on June 24th and you will receive full payment for your ROCs by July 14th.
- ROC prices rose 6.5% to £49.24 in our March auction. Over the last three years the final auction of the Compliance Period has realised the highest prices.
- e-ROC auctions have been running since 2002 and are now a well-established method of selling standard and co-fired ROCs, with over 4 million ROCs sold to date through e-ROC.
- An increasing number of generators have come to the conclusion that they can get more for their renewable electricity by selling their power and their ROCs separately.
- The on-line auctions give you easy access to all UK electricity suppliers.
- ROCs may be sold subject to a reserve price.
- The auction delivers the best market values on the day.

For further details of our e-ROC auction, please visit our web-site, send us an email, or simply give us a call.
