

e-ROC auction results – 24th October 2012**Remove Recycle Risk.**

- The scheduled e-ROC monthly auction took place yesterday, 24th October and a mixture of CP10 and CP11 ROCs amounting to 38,488 ROCs were sold at an average price of £39.52.
- Over 110,000 ROCs remained unsold, not meeting their reserve price.
- Remember that through the monthly e-ROC auctions sellers receive better cash flow and eliminate any risk on the recycle amount. For example in CP9 the recycle amount was £14.35 but this fell dramatically to £3.38 in CP10. This was because an unprecedented 91% of the Obligation was met by ROC submission. (If in CP11 all Suppliers met their Obligation through ROC submission there would, of course, be no recycle payment at all).
- The date of the next e-ROC monthly auction is **Friday 23rd November 2012.**
